Where Google gets traffic information?
“crowd-sourced, anonymized traffic data from people using Google maps apps on certain smartphones”

Web APIs

Google Maps JavaScript API

Customize maps with your own content and imagery.

Google Places API JavaScript Library

Up-to-date information about millions of locations.

Google Static Maps API

Simple, embeddable map image with minimal code.

Google Maps Embed API

Add a Google Map to your site without code or quota limits.

Google Street View Image API

Real-world imagery and panoramas.

Web Service APIs

Google Maps Geocoding API

Convert between addresses and geographic coordinates.

Google Maps Distance Matrix API

Travel time and distance for multiple destinations.

Google Maps Roads API

Snap-to-road functionality to accurately trace GPS breadcrumbs.

Google Places API Web Service

Up-to-date information about millions of locations.

Google Maps Time Zone API

Time zone data for anywhere in the world.

Google Maps Geolocation API

Location data from cell towers and WiFi nodes.

Google Maps Directions API

Directions between multiple locations.

Google Maps Elevation API

Elevation data for any point in the world.

Issues for Government & Public services

- Government use of public data to enhance public services
- Open government data for innovation & value-adding services
- Invest in common infrastructure to reduce costs of innovators
- National data pool as a strategy to build innovative startups
- (Lack of) Talents as a key obstacle

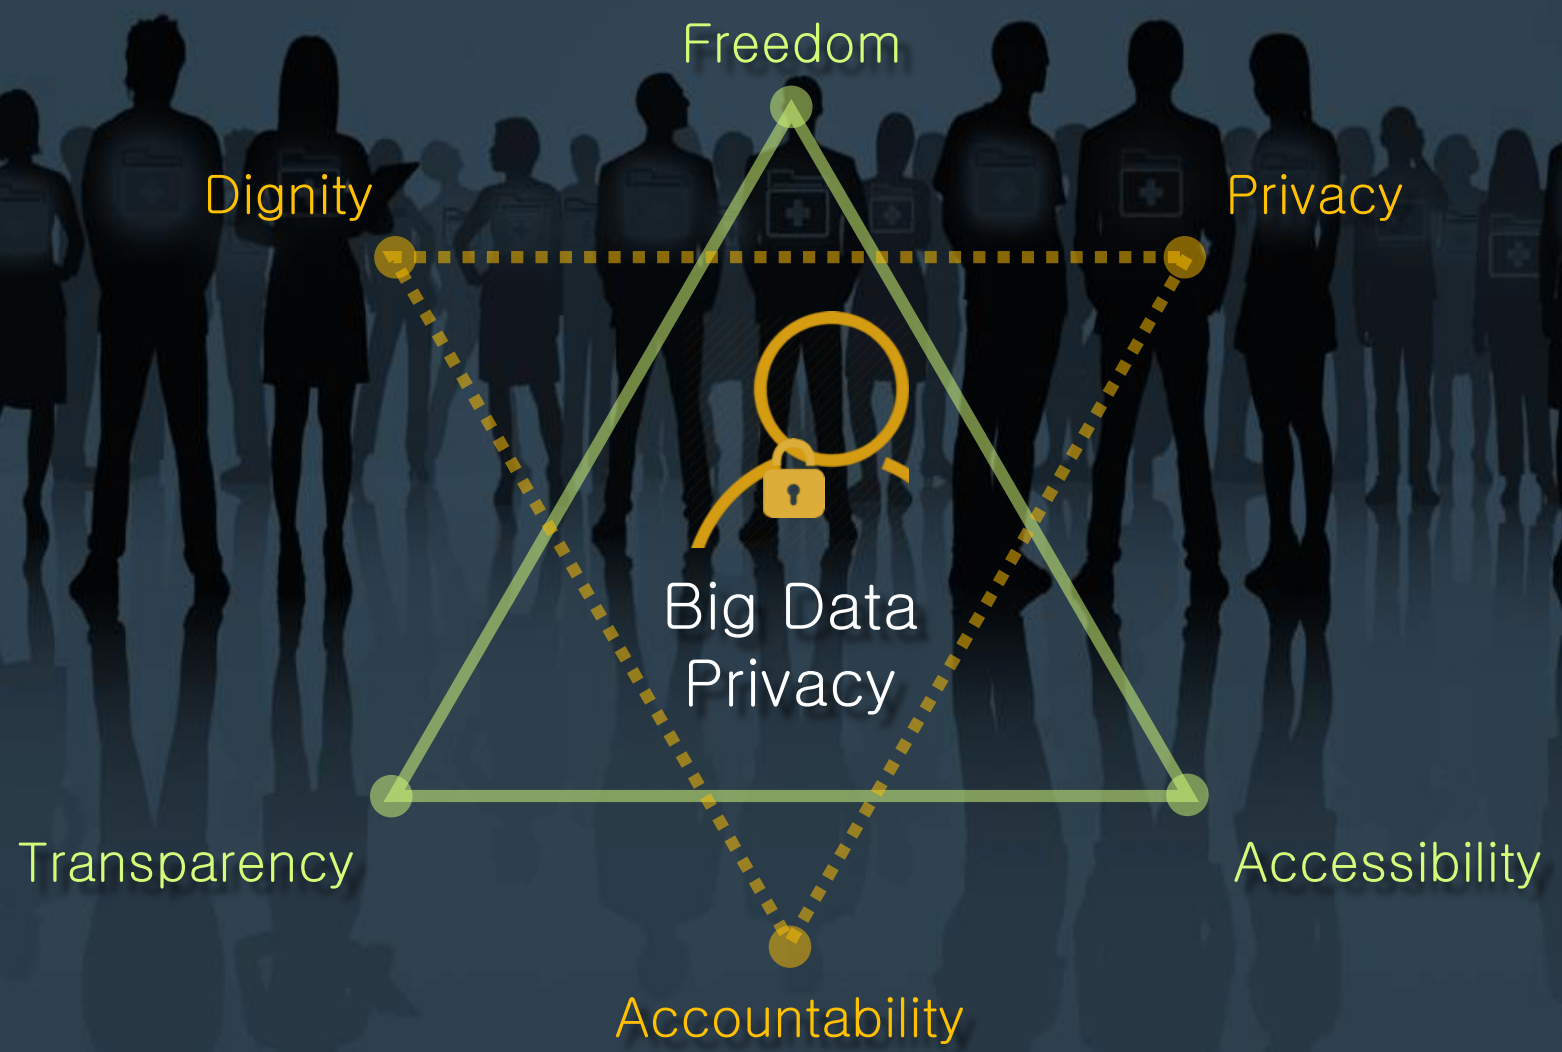

let's recap on cognitive economy ...

“The Three Paradoxes of Big Data”

Niel M. Richard & Jonathan H. King

- **Tranparency** paradox
- **Identity** paradox
- **Power** paradox

- > data is the **new oil**
- > the competition will **borderless** and **disruptive**
- > **cognitive computing** is the value adding technology
- > **personalized HCI** is the delivering technology
- > **values vs digital privacy** is the key challenge
- > **regulators'** and **government's roles** are paramount for country's competitiveness and public wellness

what do **you** think ?
